WHY LAKEWOOD RANCH

IN A 33,000 ACRE AWARD WINNING
MASTER PLANNED COMMUNITY

THE RIGHT PLACE FOR MEDICAL OFFICE

The 2020 healthcare spend exceeded \$170,000,000 within 10 miles of the new medical office building (MOB).

This diverse upper income area is surprisingly underserved by hospitals and providers. There is strong demand for multiple healthcare specialties such as Cardiology, Orthopedics, Oncology, Primary Care, Dentistry, and Pediatrics. See page 2 for a list of specialties at Lakewood Ranch (LWR) that are underserved and in high demand.

THE RIGHT DESIGN AT THE RIGHT COST

The building features a functional and efficient design for patients and providers combined with substantial parking and ease of access.

The building offers competitive lease rates, a generous tenant improvement allowance and selective pylon and building signage opportunities.

THE RIGHT NEIGHBORS

Further validating healthcare demand, Orlando Health has purchased the adjacent parcel and is planning a new hospital.

Erickson Senior Living is developing a 1,200-unit Senior Living facility including IL, AL, MC, and Skilled Nursing. Expected to start in Q1 of 2024 and located on the adjacent 84 acres, this facility will help meet care demand for older family members and offer convenient lifestyle options and healthcare for its residents.
